Premier David Makhura to visit BMW Rosslyn Plant and Soshanguve Engineering School of Specialisation

Premier David Makhura and MEC Panyaza Lesufi will on Thursday, 22 September 2022, visit the world class plant and the heart-beat of the BMW South Africa operations in Rosslyn, Pretoria. The BMW Group welcomed Premier Makhura to its Group headquarters in Munich during his visit to Germany earlier this month.

Key to the conversations between BMW and the Gauteng government is the BMW Group's investments in the Gauteng province on future sustainability and managing the automotive industry transition towards electrification and a carbon neutral future as climate change reshapes societies and economies.

The Premier and MEC will also visit the Soshanguve Engineering School of Specialisation (SoS) with an automotive focus, which is another collaboration between the Gauteng Provincial Government and BMW.

Members of the media are invited to cover the visits as follows:

Date: Thursday, 22 September 2022

Time: 10h00

Venue: BMW Rosslyn Plant SA, 158 Frans Du Toit St, Rosslyn, Akasia

ENDS/

Issued by the Gauteng Provincial Government
