

3rd Annual

Gauteng Environmental Research Symposium

Invitation

The Gauteng Department of Agriculture and Rural Development in partnership with University of Johannesburg's (UJ) Africa Centre of Evidence (ACE) and Process, Energy & Environmental Technology Station (PEETS) cordially invites you to the 3rd Annual Gauteng Environmental Research Symposium.

THEME

“Ecosystem restoration and resetting our relation with nature during the COVID-19 pandemic”.

OBJECTIVES

The primary objectives of this year's event are as follows:

- Discuss the biodiversity restoration initiatives that are currently in place as well as the planned ones by various implementing and benefiting institutions.
- Share best practice approaches in the environmental sector with regards to issues facing the province.
- Share lessons on Gauteng City Region matters and emerging environmental research, which are particularly relevant for the province's work going forward.
- Strengthen the knowledge sharing amongst government officials, academia, research and other stakeholders.
- Highlight potential gaps in current research.
- Identify areas for research collaboration.

DETAILS OF THE SYMPOSIUM:

Date: 15 October 2021
Time: 09:00AM – 14:00PM
Venue: Microsoft Teams
