

## MEDIA STATEMENT

**Saturday, 31 October 2020**

### **GAUTENG CONFIRMED COVID-19 CASES DISTRICT BREAKDOWN**

The total number of confirmed COVID-19 cases in Gauteng as at 30 October 2020 sits at 228 432 with 207 697 recoveries and 4719 deaths.

Out of a total of 151 181 contacts traced (these are individuals who were in contact with people who tested positive for COVID-19); 133 149 people have completed the 10 days monitoring period with no symptoms reported and therefore they are de-isolated.

A total number of 1661 of people are currently hospitalized in the public and private facilities.

**NB:** The reason for discrepancy under Tshwane Sub-district 3 is as a result of cases without physical addresses being put under the unallocated cases.

## **Unallocated cases in the district**

- Unallocated cases in the district breakdown refer to confirmed cases in Gauteng, that are yet to be allocated to one of the five districts in the province.
- The unallocated cases reflected in the sub-district breakdown refer to cases confirmed in that district but have not been allocated to a subdistrict.

## **Data Harmonization**

Allocating Gauteng cases to respective districts is ongoing. After obtaining further information on contact numbers and addresses from law enforcement agencies, provincial outbreak teams and the National Institute of Communicable Disease (NICD), we are able to make corrections where a case might have been incorrectly allocated to a particular district.
