Dear Secretary

Response to Question 5. FN004

With regards to the letters from Provincial and National Treasury cautioning the City of Tshwane against its proposed broadband network project worth R4.65 billion, could the MEC please indicate:

Question 1

Whether this project has been approved by the City of Tshwane?

Answer

The Gauteng Provincial Treasury derives its statutory responsibilities in terms of Chapter 2, Section 5 of the MFMA. The statutory provision makes provision for the National Treasury to make further delegations in terms of this legislation. National Treasury has exercised that provision and enacted MFMA Circular 20 dated 16th August 2005. In line with aforementioned circular, the Provincial Treasury is not responsible for the City of Tshwane. Oversight is vested with the National Treasury. The question should therefore be directed to the National Treasury.

Question 2

If yes to (i) then why did the City of Tshwane ignore the letters from the Provincial Treasury.

Answer

Please see answer (1) above.

Question 3

What steps will the City of Tshwane be taking to address the concerns expressed by the Provincial Treasury?

Answer

Please see answer (1) above.

Question 4

If no steps are being taken, then why not;

Answer

Please see answer (1) above.

Question 5

How will the city of Tshwane pay for such a project when there is no budget available;

Answer

Please see answer (1) above.

Question 6

What steps is the MEC taking to intervene in this situation?

Answer

Please see answer (1) above.

Regards
